ABBREVIATIONS and EXPLANATIONS

NB – Newbuilding Yard

Rep – Shiprepair Yard

Facilities: Dimensions are given in meters and metric tons.

Cy = Capacity in dwt/lifting tons

Crane = Maximum crane capacity

R = Repair dock

N = Newbuilding dock

Graving docks: Standard width is given at entrance. Capacity is given in tons deadweight (dwt)

Floating docks: Standard is given between inner walls. Capacity is given in lifting tons.

Slipways and Syncrolifts: Capacity is given in lifting tons.

Representatives: Listing of yards' representatives abroad include both exclusive and non-exclusive agreements.

The information recorded in this yearbook is in principle received directly from shipyards, repairers and their representatives and agents. In some cases the information are supplemented from the yards own website on the Internet. The publisher does not, however, guarantee the accuracy of the information printed in the yearbook nor does it accept responsibility for errors or omissions or their consequences.
